Come help us dig up vertebrate fossils!
Course provides an overview of Florida fossil vertebrates through weekly lectures and discussions plus direct experience with vertebrate paleontology fieldwork in Florida. We will be especially focused on digging at a late Miocene fossil vertebrate locality close to Williston, Florida

**Instructor: Dr. Jonathan I. Bloch (jbloch@flmnh.ufl.edu)**

ZOO 6927 section 2H34; ZOO 4926 section 2383
GLY 6932 section 202A; GLY 4930 section 202F
2 Credits: Turlington 2328 Periods 6-7 (12:50-2:45pm)
