# Graduate Seminar in Animal Behavior

Fall 2021

## CLASS MEETINGS AND FORMAT

**Thursdays 12:50 PM - 2:45 PM**

**Location:** [WEIM 2056](#)

This seminar class takes the form of a journal club, where the literature we read is chosen by students. Each week one student will serve as the discussion leader and we will read and discuss a paper of their choice. The chosen paper can be a classic in animal behavior, or contemporary research that is of interest to a broad readership. In addition to the main paper discussion, the discussion leader will also present a brief “highlight” focusing on a paper, event, etc. that they think others may be interested to learn.

**Instructor: Nick Keiser, PhD.**

Nick Keiser is a behavioral ecologist who studies infectious disease through the lens of animal behavior. His research focuses on individual differences in behavior and how the mixture of different behavioral types in social groups influences disease dynamics. The Keiser Lab uses a diversity of test systems (spiders, ants, flies, frogs, ticks) to test questing relating animal behavior and disease.

In preparation to lead the discussion it is advisable to prepare leading questions, points of particular interest in the paper, and a summary of important contributions the paper makes. This preparation may require reading additional related literature.

## DROP/ADD/WITHDRAWAL

A student can drop/add during the drop add period with no penalty. After drop/add, a student who drops will receive a W until the date listed in the academic calendar. After that date, the student may be assigned an "E" (fail). Note: it is the responsibility of the STUDENT to withdraw from a course, not the instructor. Failure to participate/complete the class is NOT a drop.

## ATTENDANCE

Students are expected to check the course website regularly for announcements, assignment due dates, and other course related information. Attendance is not required, but unexcused absences will negatively affect your class participation grade.

## COURSE EVALUATION

Anonymous course evaluations will be open via UF's online evaluations system near the end of the semester (<https://evaluations.ufl.edu>). You will receive e-mail notifications of when the evaluations open. Evaluations are stored and reported in a completely anonymous manner. Authentication for evaluation submission is only to ensure that only one evaluation is submitted per student.

## COVID-19 SAFETY

*[This section prepared and approved by UF administration]*

In response to COVID-19, the following practices are in place to maintain your learning environment, to enhance the safety of our in-classroom interactions, and to further the health and safety of ourselves, our neighbors, and our loved ones.

- If you are not vaccinated, get vaccinated. Vaccines are readily available at no cost and have been demonstrated to be safe and effective against the COVID-19 virus. Visit this link for details on where to get your shot, including options that do not require an appointment: <https://coronavirus.ufhealth.org/vaccinations/vaccine-availability/>. Students who receive the first dose of the vaccine somewhere off-campus and/or outside of Gainesville can still receive their second dose on campus.
  
- You are expected to wear approved face coverings at all times during class and within buildings even if you are vaccinated. Please continue to follow healthy habits, including best practices like frequent hand washing. Following these practices is our responsibility as Gators.
  - Sanitizing supplies are available in the classroom if you wish to wipe down your desks prior to sitting down and at the end of the class.
  - Hand sanitizing stations will be located in every classroom.
  
- If you sick, stay home and self-quarantine. Please visit the UF Health Screen, Test & Protect website about next steps, retake the questionnaire and schedule your test for no sooner than 24 hours after your symptoms began. Please call your primary care provider if you are ill and need immediate care or the UF Student Health Care Center at 352-392-1161 (or email [covid@shcc.ufl.edu](mailto:covid@shcc.ufl.edu)) to be evaluated for testing and to receive further instructions about returning to campus. UF Health Screen, Test & Protect offers guidance when you are sick, have been exposed to someone who has tested positive or have tested positive yourself. Visit the [UF Health Screen, Test & Protect website](#) for more information.
  - Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work.
  - If you are withheld from campus by the Department of Health through Screen, Test & Protect you are not permitted to use any on campus facilities. Students attempting to attend campus activities when withheld from campus will be referred to the Dean of Students Office.

Continue to regularly visit [www.coronavirus.UFHealth.org](http://www.coronavirus.UFHealth.org) and [www.coronavirus.ufl.edu](http://www.coronavirus.ufl.edu) for up-to-date information about COVID-19 and vaccination.

## ADDITIONAL COURSE INFORMATION

**Accommodations for students with disabilities:** Students who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester. **Recording lectures:** Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor. A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session. Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student
