

## BSC 4930 / ZOO 4926: CLIMATE CHANGE AND HUMAN WELLNESS

### CLASS MEETING AND TIME:

M, W, F, PERIOD 5 (11:45 AM - 12:35 PM) CSE E222

### INSTRUCTOR:

Stephen Mulkey, PhD

[smulkey@ufl.edu](mailto:smulkey@ufl.edu)

Office: 621 Carr Hall

Phone: 352.294.6313

*Please contact through the Canvas website.* Use regular email for personal questions such as grades, special circumstances, and needed accommodations.

### OFFICE HOURS:

Office Hours: Tuesday and Thursday 2 – 3 pm and by appointment

**COURSE WEBSITE:** <http://elearning.ufl.edu/> Class material including the syllabus, weekly comprehension quizzes, exam results, lecture slides, and other information related to the course will be posted on the course e-Learning website. You are responsible for all announcements made in lecture and those posted on the course website. For help with e-Learning, call the UF Computing Help Desk at 352.392.4357, or visit the e-Learning support website: <https://lss.at.ufl.edu/help.shtml>

**COURSE COMMUNICATIONS:** Please use the Canvas Inbox Tool. Inquiries received Mondays through Fridays will usually receive a reply with 24 hours of receipt; however, if you have not received a reply within 48 hours, please resend your inquiry.

### RECOMMENDED TEXTBOOK:

*Global Climate Change and Human Health.* Luber & Lemery. ISBN: 978111860358

### OPTIONAL TEXTBOOKS:

*Enviromedics.* Emery & Auerbach. 2017. ISBN: 9781442243187

*Climate Change and Public Health.* Levy & Patz. 2015. ISBN: 9780190202453

**ADDITIONAL RESOURCES:** There is no required textbook for BSC 4930. Additional readings are included through the Canvas pages for each week through the [UF Library](#). For resources unavailable through the UF Library, PDF documents of all literature cited have been provided. If alternative versions of these resources are needed for any reason, please contact your instructor and accommodations will be provided.

**COURSE DESCRIPTION:** The course will use principles derived from basic medical science, ecology, and relevant social science to describe the major factors and their combined effects on human health and wellness. Natural science and the [scientific method](#) will provide the basis for understanding [sustainability science](#) as a framework for mitigation and adaptation of the disruption of the Earth System and impacts on living systems.

**PREREQUISITE KNOWLEDGE AND SKILLS:** BSC 2011 and BSC 2011L with minimum grades of C.

**COURSE GOALS AND/OR OBJECTIVES:**

*By the end of this course, students will be able to:*

1. Apply knowledge of how climate change affects living organisms and human mortality and morbidity.
2. Describe direct impacts of climate change related to air quality, vector borne diseases, water and food borne diseases, and mental health and violence.
3. Describe compound impacts of climate change related to extreme temperatures, extreme weather events, nutrition and food security, and land use amplification of disease.
4. Use peer-reviewed literature as a foundation for communicating about climate change and human wellness.
5. Analyze the emergency nature of climate change, the utility of proposed mitigation techniques and implications for public health, and community management of public health.

**INSTRUCTIONAL METHODS:** This course is delivered face-to-face using instructor delivered lectures and videos, peer-reviewed literature, and additional resources from online sources. Students will be expected to review and synthesize these materials to participate fully in course assignments, quizzes, exams, and discussions.

## COURSE POLICIES

**COURSE EXPECTATIONS:** Significant scholarship will be required of students to achieve the expected outcomes of this course. The course is designed to leverage learning through multiple low-stakes graded activities and synthetic essay quizzes. Students are expected to manage time effectively and carefully review information communicated through the course syllabus, announcements, and e-learning website. Each student is solely responsible for reading and following the instructions, guidelines and schedules in this syllabus, on the course webpage, or announced in class. Independent research by students will be significant portion of assessments. ***Not having read the information in this syllabus or in instructor announcements will not constitute an excuse for missing an assignment, exam, or other assessment.***

When you have a question, check the following sources first to see if it is already answered, before e-mailing your instructors:

- Course Syllabus
- e-Learning announcements (this is the primary means that your Instructor has to communicate with you in a timely manner)
- e-Learning Discussion General Posts

If you still cannot find the answer to your questions:

- If it is a question that others might find useful to know the answer to as well, post it in the e-Learning Discussion section.
- If it is a question specific to you (e.g., account or grade specific), e-mail Stephen. Barring unusual circumstances, expect a reply within 24 hours (Monday through Friday). E-mails and e-Learning Discussion posts are checked at least once per day, but sometimes not more than that.

Should you have any complaints with your experience in this course please visit <http://www.distance.ufl.edu/student-complaints> to submit a complaint.

**REQUIRED READINGS:** You are responsible for the interpretations of all assigned readings. Not all reading materials will be covered in the course lectures. Read carefully and critically.

**ASSIGNMENT/QUIZ/EXAM DATES/POLICIES:** As part of BSC 4930 you are required to complete online assignments. If at any time you have questions about these assignments, please contact the instructor. A schedule will be posted on e-Learning with the due dates for each assignment. **Most assignments are due by 11:59 P.M. (ET) on the date specified in Canvas.** All assignments must be completed by the stated due date and time for credit. Extensions will NOT be given because of technical or personal issues that occur within 24 hours of the assignment deadline. Many assignments will also have a set time limit, so make sure you have time to devote to that assignment before you begin. You are expected to work by yourself on the assignments although essay exams will be open book. Note that all due dates for assignments are clearly posted on course website and reflect the most up-to-date information.

**MAKE-UP POLICY:** Requirements for class attendance, make-up exams, assignments, and other work in this course are consistent with university policies that can be found in the [Undergraduate Catalog's Academic Regulations](#).

**DUE DATES:** All assignments are due by 11:59 PM (ET) on the assigned date listed in the course schedule unless otherwise specified. No assignments will be accepted after the due date. You are advised to make back-up copies of all work and submit your work early to avoid technical problems.

**COURSE TECHNOLOGY:** This course is partially facilitated online through Canvas. You may access Canvas from UF's e-Learning webpage: <http://elearning.ufl.edu/>. For any questions related to UF's e-Learning platform, contact:

- <http://helpdesk.ufl.edu>
- (352) 392-HELP - select option 3

**ZOOM CONFERENCING:** Zoom is a video conferencing tool that allows for screen sharing and real-time communication at a distance. It also allows for synchronous communication to be recorded for viewing at a later time. View the [Zoom Privacy Policy here](#).

The instructor will use Zoom for conferences by appointment and to facilitate flipping the classroom to provide time for discussion. All materials delivered by the instructor using zoom are grist for quizzes.

**ONLINE COURSE EVALUATION:** Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://evaluations.ufl.edu>.

**COMMERCIAL SALE OF COURSE LECTURES:** The content presented in the class is the property of UF and may not be duplicated in any format without permission from UF and may not be used for any commercial purposes. Students violating this policy may be subject to disciplinary action under the UF Conduct Code.

**USE OF COURSE IMAGERY AND MULTIMEDIA:** No part of the PowerPoints or other instructional content posted on Canvas may be reproduced, shared, or posted in any form outside of the class without permission in writing from Stephen Mulkey.

PowerPoint and pdf materials are to be used for note-taking purposes only by students enrolled in BSC 4930 at the University of Florida.

## UF POLICIES:

**UNIVERSITY POLICY ON ACCOMMODATING STUDENTS WITH DISABILITIES:** Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, [www.dso.ufl.edu/drc](http://www.dso.ufl.edu/drc)) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

**UNIVERSITY POLICY ON ACADEMIC CONDUCT:** UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (<http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

**CLASS DEMEANOR OR NETIQUETTE:** All members of the class are expected to follow rules of common courtesy in all face-to-face interactions, email messages, threaded discussions and chats. [See the UF Netiquette Guide.](#)

Although the scientific consensus is essentially 100% on its basic features, climate change remains a politically charged topic. Regardless of politics or background, we will assiduously adhere to the most validated peer-reviewed science. Base your interactions on this science and the direct conclusions that are logically indicated by the science. The authorities that are entrusted to make these conclusions are the IPCC and other UN agencies, the USGCRP and its partner US agencies, and the major government-sponsored research groups throughout the developed world. Please avoid using the gray literature and reports in popular media except where it is defensibly based on validated peer reviewed science and recognized authority.

## GRADING POLICIES:

### METHODS BY WHICH STUDENTS WILL BE EVALUATED AND THEIR GRADE DETERMINED:

**EXAMS (25%):** You will have two essay exams in this course, a First Midterm and Second Midterm Exam. The final exam will not be comprehensive, although it will draw on principles and materials developed throughout the course. There is no official final exam during the assigned final examination period provided by the Registrar. Both exams will be essay based, wherein you will select from a list of topics and respond according to the prompts provided. You will be allowed 2 hours to answer the questions. A possible list of essay questions will be distributed at least one week in advance of the exam date. The exam questions will be chosen from these questions. Preparation for the exams should be based on review of the possible questions and an outline of your answer for each. You may have access to your outlines during the timed exam. Exams are open-book and the internet/provided course resources may be used to develop your answers. If you find that you are finished well before the time is up, you should consider that you may have not developed adequate essays for each of your answers.

Your answers must be in your own words and must reflect scholarship as well as comprehension and synthesis. When you can, cite a reference in the text of your answer, but complete citation is not necessary. You will not be assessed on use of

language or grammar, but proper use of scientific terminology is important. The grading rubric is included in Canvas. You should be aware that answers to these questions should be fully developed with sufficient detail to demonstrate your understanding of literature and the lectures. Answers to the exam questions are not brief essays that you may have been asked to provide in other courses.

**TERM PROJECT WITH GROUP (25%):** Each group will be assigned to a theme for development within Canvas. Each member of the group will select an aspect for construction of an annotated bibliography and peer-reviewed presentation. Each of you will write a final report with citations on the entire group project summarizing the primary results in your own words.

- Part 1: Submission of group selection of subtopic/theme for each group member. Submitted by one group member.
- Part 2: Submission of individual topic description (1-2 paragraphs) of each topic chosen by group members. Submitted by each group member.
- Part 3: An annotated bibliography written by each individual on one of the assigned individual topics within a theme. Submitted by each group member.
- Part 4: Submit presentations (recorded via Zoom) given by each of you on your aspect of your group theme.
- Part 5: Provide feedback to two peers based on criteria provided in Canvas.
- Part 6: Submit final project report written by each individual in their own words drawing on the collective literature reviewed by the group. Submitted by each group member.

More detailed instructions are posted separately for each aspect of the assignment. A more detailed review of these requirements has been posted to the course website.

**QUIZZES (25%):** Module quizzes will be given online and provide you with an opportunity to apply what you have learned in the module. You are encouraged to seek out correct answers from the module content and activities. The module quizzes should be used to gauge and assess your comprehension of course materials and concepts and prepare for your First and Second Midterm Examinations.

- Quizzes have 20 multiple choice questions and two short answer essay questions based on the literature.
- The time limit is 60 minutes, and you will have only one attempt for each quiz. You may use your notes.
- After you have submitted the quiz, your graded responses along with the correct answer will be available for the multiple choice part of the quiz. The essay part of the quiz will be graded within a week of submission.

Please submit the quiz by the due date. Specific due dates are listed in Canvas, and all quizzes are due by **11:59 PM (ET) on the specified due date**, usually but not always on Sunday.

Please allow five business days from the due date for quiz feedback on free-response questions. Instructor comments will appear on the right side. Contact the instructor via the Canvas Inbox Tool to clarify any questions or quiz responses.

**DISCUSSIONS (20%):** There are several modules having discussion forums. These are opportunities to extend what you have learned in the same module. Students are expected to adhere to professional etiquette/netiquette standards as outlined above (see UF Policies) in all posts and to engage in constructive dialogue. Posts are expected to be thoughtful, detailed responses (i.e., "yes," "no," "I agree," or "I disagree" answer is not sufficient).

You are expected to contribute your thoughts about one of the topics available in each module as indicated in the Assignments portion of Canvas. Each discussion is worth 10 points. ***You will receive 6 points for your original and thoughtful contribution, and 4 points for responding to at least two of your peers posts.*** See the rubric attached to each discussion for additional grading criteria.

In most cases, discussions require some research or reading before initial post. For discussion forum assignments, **timeliness is critical**, and due dates should be strongly adhered to. Please check the course schedule for the specific due dates.

**PARTICIPATION (5%):** Twice during the semester students will be asked to self-assess their participation in class according to the following scale:

\_\_\_\_\_ I contribute several times during a class discussion. (25)

\_\_\_\_\_ I contribute at least once during a class discussion. (20)

\_\_\_\_\_ I often contribute to class discussion. (10)

\_\_\_\_\_ I occasionally contribute to class discussion. (5)

\_\_\_\_\_ I rarely contribute to class discussion. (0)”

### Course Grading

Item	Percentage Weight
Exams (Midterm and Final)	25
Term Project with Group	25
Module Quizzes	25
Discussions	20
Participation	5

### Point Range (%) Letter Grade

Note that the current UF policy for assigning grade points is available at the following undergraduate catalog web page: <https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Percent	Grade	Grade Points	Percent	Grade	Grade Points
94.0 - 100.0	A	4.00	73.0 – 75.9	C	2.00
90.0 – 93.9	A-	3.67	70.0 - 72.9	C-	1.67
86.0 - 89.9	B+	3.33	67.0 - 69.9	D+	1.33

82.0 – 85.9	B	3.00	63.0 - 66.9	D	1.00
79.0 - 81.9	B-	2.67	60.0 - 63.9	D-	0.67
76.0 - 78.9	C+	2.33	0 - 59.9	E	0.00

Modules will be made available before class on the start date indicated below.

COURSE SCHEDULE - SPRING 2020				
Module	Date	Topic	Readings (Links in Canvas)	Assignment/Quiz/Exam
1	6/1	Anthropogenic climate change: Causes and process		
	8/1			
	10/1			
2	13/1	Anthropogenic climate change: Impacts		
	15/1			
	17/1			
3	20/1	No class		
	22/1	Carbon cycle and the Earth System		
	24/1			
4	27/1	Environmental change and public health		
	29/1			
	31/1			
5	3/2	Heat		
	5/2			
	7/2			
6	10/2	Air quality		
	12/2			
	14/2			
7	17/2	Vector borne disease		
	19/2			
	21/2			
8	24/2	Water and food borne disease		
	26/2			

	28/2			
Spring Break				
9	9/3	Mental health and vulnerable populations		
	11/3			
	13/2			
10	16/3	Community and ecosystem-based adaptation		
	18/3			
	20/3			
11	23/3	Agriculture; food and water security; nutrition security		
	25/3			
	27/3			
12	30/3	Energy systems and the social costs of carbon		
	1/4			
	3/4			
13	6/4	Extreme events, risk management, and public health		
	8/4			
	10/4			
14	13/4	Climate change economics, politics, and ethics		
	15/4			
	17/4			
Course Summary & Conclusion	20/4	The reality of a climate emergency; IPCC mitigation and adaptation planning		
	22/4			

This syllabus represents the instructor's current plans and objectives as of 6 January 2020. As we go through the semester, these plans may need to change to enhance the class learning opportunity or to accommodate scheduling issues. Such changes, communicated clearly, are not unusual and should be expected.
