

BSC 2011 – Integrated Principles of Biology II
Syllabus for Class Numbers 11348 and 11350 (Sections 0575 & 24B9)
Fall 2018

Class Meetings

These sections of BSC2011 feature interactive learning led by Learning Assistants (LAs)

Monday, Wednesday:

Class Numbers 11348 & 11350

Period 4 10:40 AM–11:30 AM

McCarty C 0100

Friday:

Class Number 11348 (Section 0575)

Period 3 9:35 AM-10:25 AM

McCarty C 0100

Class Number 11350 (Section 24B9)

Period 4 10:40 AM–11:30 AM

McCarty C 0100

I. Expectations

Each student is solely responsible for reading and following the instructions, guidelines and schedules in this syllabus and on the course webpage, or announced in class. Not having read the information in this syllabus or in instructor announcements will not constitute an excuse for missing an assignment, exam, or other assessment. **Please set your preferences in E-Learning so that you receive timely notifications of course announcements and other information.**

BSC Laboratory Courses

The BSC laboratory courses (BSC 2010L and BSC 2011L) are managed separately from the lecture courses. Please see the BSC Website (<http://www.bsc.ufl.edu>) for more information on the laboratory courses.

III. Instructors

Gordon Burleigh

Department of Biology

Office: 218 Carr Hall

Office Hours: Tu 11:45-12:35, W 12:50-2:45

Email: gburleigh@ufl.edu

Connie Rich

Department of Biology

Office: 522a Carr Hall

Office Hours: M 12:45-2:45, Th 9-10:30

Email: c.rich@ufl.edu

Todd Palmer

Department of Biology

Office: 411 Carr Hall

Office Hours: M 12:50-1:40 or by appointment

Email: tmp@ufl.edu

Min Zhao (Online Instructor/TA)

Graduate Teaching Assistant

Department of Biology

Office: 609 Carr

Office Hours: W 3:00-4:00

E-mail: zhao.min@ufl.edu

V. Course Communications

All e-mail correspondence to course instructors must **originate from your ufl.edu account, have your full name in the body of the e-mail, and contain your course and section number in the subject line.** E-mails not meeting these requirements may not be recognized by our e-mail filters, and thus may not be answered.

All correspondence regarding the online assignments (LaunchPad) must be sent to the Online instructor/TA (Min Zhao at zhao.min@ufl.edu).

To facilitate actual discussion, a discussion forum will set up in E-Learning. Any questions regarding the lecture material or the online assignments should be posted there, so that your instructors or your fellow students will be able to provide answers. Don't be shy about asking questions; after all, if you are confused about the material there will almost certainly be other students with the same questions.

Communication with Your Online Instructor/TA

When you have a question about the LaunchPad assignments, check the following sources first to see if it is already answered, **before** e-mailing your Online Instructor/TA:

Course Syllabus

E-Learning announcements (this is the primary means that your Online Instructor/TA has to communicate with you in a timely manner)

E-Learning Discussion FAQ

E-Learning Discussion General Posts

If you still cannot find the answer to your questions:

- If it is a question that others might find useful to know the answer to as well, post it in the E-Learning Discussion section.
- If it is a question specific to you (e.g. account or grade specific), e-mail your TA, Min Zhao. Barring unusual circumstances, expect a reply with 24 hours during the work week. E-mails and E-Learning Discussion posts are checked at least once per day, but sometimes not more than that.

VI. Course Goals and Objectives

The primary goal of this course is to establish a coherent foundation of knowledge in biology and to prepare students for comprehension in advanced biology courses and science in general. Fundamental concepts discussed include the evolution, diversity, and function of photosynthetic life; the evolution, structure, function, and physiology of animals; and the ecology of organisms, populations, communities, biomes, and the biosphere. An additional course goal is to develop critical thinking skills for development of reasoned thought and for evaluation of life experiences.

Objectives of the course will be achieved if, by its conclusion, students can:

Read and evaluate a phylogenetic tree

Describe the challenges of life on land and the traits that enabled plants to diversify on land

Discuss the potential adaptive significance of synapomorphies that define major clades of plants

Explain how alternation of generations varies in plant lineages and its significance to reproduction

Diagram the basic components of plant vasculature and characterize their function

Identify common plant adaptations and show how they are shaped by convergent evolution

Discuss the role of hormones in plant development and environmental response

Describe a scientific hypothesis and identify testable predictions that logically follow

Explain major themes to animal physiology and how it is linked with medicine

Explain physical principles governing gas exchange in animals in air and water

Diagram blood flow through the vertebrate circulatory system and describe the major functions of blood vessel types

Diagram the arrangement of major proteins governing muscle contraction and describe excitation contraction coupling

Describe the principles of electrical signals in neurons and diagram the organization of the vertebrate nervous system

Explain principles governing how nitrogen waste is processed in animals and how salt and water balance are maintained in

animals

Describe and explain how climate and topography shape ecological systems

Identify, compare, and contrast major terrestrial and aquatic biomes

Explain the forces that regulate populations in natural systems

Describe how species interactions can influence fitness, population dynamics, and species distribution and can result in

evolutionary change

Explain how communities change over space and time and be able to calculate species diversity

Describe the challenges faced in conserving species, and explain different conservation approaches that can be used to help preserve biodiversity.

Explain the mechanisms that underlie animal behavior, and how behavior is shaped by natural selection

Diagram the global carbon and nitrogen cycle and identify the major stocks and fluxes.

Identify major anthropogenic changes to the carbon, nitrogen, and phosphorus and describe how these changes have altered ecological systems

General Education Objectives for Biological Sciences

Biological science courses provide instruction in the basic concepts, theories and terms of the scientific method in the context of the life sciences. Courses focus on major scientific developments and their impacts on society, science and the environment, and the relevant processes that govern biological systems. Students will formulate empirically testable hypotheses derived from the study of living things, apply logical reasoning skills through scientific criticism and argument, and apply techniques of discovery and critical thinking to evaluate outcomes of experiments.

The General Education objectives and the associated Student Learning Outcomes for Biological Sciences are achieved through lectures, in class discussion, interactive "clicker" response systems, and online activities and exercises. The learning objectives and SLOs are further reinforced by inquiry-based and active-learning exercises in the companion laboratory course, BSC 2011L. In particular, the companion lab expands upon development and testing of specific hypotheses.

General Education Student Learning Outcomes

The general education student learning outcomes (SLOs) describe the knowledge, skills and attitudes that students are expected to acquire while completing a general education course at the University of Florida. The SLOs fall into three categories: **content**, **communication** and **critical thinking**.

Every general education course must address all three SLOs. Note that the subject area objectives (detailed above) describe the context within which the SLOs are achieved

Category	Institutional Definition	Institutional SLO
CONTENT	Content is knowledge of the concepts, principles, terminology and methodologies used within the discipline.	Students demonstrate competence in the terminology, concepts, methodologies and theories used within the discipline.
COMMUNICATION	Communication is the development and expression of ideas in written and oral forms.	Students communicate knowledge, ideas, and reasoning clearly and effectively in written or oral forms appropriate to the discipline.
CRITICAL THINKING	Critical thinking is characterized by the comprehensive analysis of issues, ideas, and evidence before accepting or formulating an opinion or conclusion.	Students analyze information carefully and logically from multiple perspectives, using discipline specific methods, and develop reasoned solutions to problems.

To assess student performance in meeting these student learning outcomes for this course, students are evaluated by a variety of instruments throughout the course: three exams during the semester, daily graded "clicker" questions used to assess comprehension and reasoning, and graded on-line activities, exercises and assessments. Student Learning Outcomes are further assessed in BSC 2011L, the companion lab course. For example, the Communication SLO is assessed in graded written assessments and in oral presentations in the lab. In combination, BSC 2011 and BSC 2011L provide assessments of all categories of the General Education Student Learning Outcomes.

IX. Course Resources

A. TEXTBOOK and online resources/homework

1. Textbook

Principles of Life, 2nd Edition, by Hillis, Sadava, Heller, & Price, Sinauer Associates and W.H. Freeman (publisher)

2. Online Resources/Homework

Launchpad is an online assignments and tutorial system from the textbook publisher. It is required for this course. Each new copy of the *Principles of Life* textbook comes automatically packaged with *Launchpad*. If you purchase a used textbook you will still need to purchase access to *Launchpad*. You are required to have access to *Launchpad* for the ENTIRE course. It is your responsibility to ensure that your access DOES NOT expire before the end of the semester.

Instructions on correctly registering for *LaunchPad* will be available on the Canvas course site once the semester has started. Please wait for these instructions before registering for *LaunchPad*; incorrect registration on *LaunchPad* may result in receiving zero points for all *LaunchPad* assignments.

3. Purchase of Textbook and LaunchPad Access

Please note that this course participates in the UF All Access program. Students will have a few options to gain access to the textbook and *LaunchPad* for *Principles of Life* when classes begin:

- **Option 1 - RECOMMENDED** - Students will have the choice to "opt-in" for a limited time to receive access to *LaunchPad* for a reduced price and pay for these materials through their student account. The following link will

take you to where you can “opt-in” to receive discounted course materials once logged in with your Gatorlink credentials: <https://www.bsd.ufl.edu/G1CO/IPay1f/start.aspx?TASK=INCLUDED>.

	Author	Title	ISBN/EAN	Edition	New	Used
UF All Access	Hillis	Prin of Life (24m) UF All Access	9781319147136	2nd	\$97.50	N/A
Loose Leaf Text	Hillis	Prin of Life (Print Upgrade)	9781319147129	2nd	\$37.50	N/A
Access Code	Hillis	Prin of Life (24m Launchpad Access)	9781464184734	2nd	\$124.50	N/A
Study Guide	Hillis	Study Guide for Prin of Life	9781464184758	2nd	\$48.25	\$36.25

- **Option 2** – Purchase a standalone code through the UF Bookstore. Both options provide access to the same materials.
- There are also current versions of the textbook on reserve at the Marston Science Library. Visit the Reserve Materials area to check out these copies. You will still need to purchase *LaunchPad*.

B. CLASSROOM RESPONSE SYSTEM (CLICKER)

We will use the *Learning Catalytics (LC)* Classroom Response System (CRS) for quiz questions during class. *LC* allows students to use a cell phone, laptop, tablet, or smartphone to participate in class.

1. Cost

6 month access: \$12

12 month access: \$20

C. Course Website (E-Learning)

Class material including the syllabus, discussion readings, and problem sets, exam results, some lecture slides and other information related to the course will be posted on the course E-Learning website (<http://lss.at.ufl.edu>). The course is found under “E-Learning in Canvas”. You are responsible for all announcements made in lecture and/or posted on the course website for this class. For help with E-Learning, call the UF Computing Help Desk at 352-392-4357, or visit the E-Learning support website: <https://lss.at.ufl.edu/help.shtml>.

Supplemental Instruction

In Supplemental Instruction (SI), a trained student peer attends the class and then leads group sessions to focus on the challenging concepts and problems in the course. **SI is purely voluntary**; you can attend as often as you like, provided there is space (this is a first-come, first-served program). The sessions are collaborative, in that you will be working with classmates to better understand the material. The SI leaders will show you effective strategies for studying the course material, which you will have a chance to practice together, and the SI leaders will give you a chance to ask questions or pose your own concerns.

Refer to the SI E-Learning site for the locations and schedules of the SI sessions. More information is available at the UF Supplemental Instruction Home Page: <https://teachingcenter.ufl.edu/tutoring/study-groups/>

Getting Help

If you have a non-tech-support question about the course, check the following sources first to see if it is already answered, **before** e-mailing your instructors:

Course Syllabus

E-Learning Announcements (this is the primary means that your instructor has to communicate with you in a timely manner)

E-Learning FAQ Discussion Boards

• Computing Problems

For issues with technical difficulties with E-Learning, please contact the UF Help Desk at:

- Learning-support@ufl.edu
- (352) 392-HELP - select option 2
- <https://lss.at.ufl.edu/help.shtml>

See sections XII C and D below for information on how to get help with LaunchPad and Learning Catalytics, respectively.

A. Questions about Grades in E-Learning, online assignments (LaunchPad), and in-class participation credit (Learning Catalytics)

All correspondence regarding the online assignments (*LaunchPad*), in-class participation (*Learning Catalytics*), and grades in E-Learning must be sent to the Online instructor/TA (**Min Zhao at zhao.min@ufl.edu**).

To facilitate actual discussion, a discussion forum will set up in E-Learning. Any questions regarding the lecture material or the online assignments should be posted there, so that your instructors or your fellow students will be able to provide answers. Don't be shy about asking questions; after all, if you are confused about the material there will almost certainly be other students with the same questions.

2. Communication with Your Online Instructor/TA

When you have a question, check the following sources first to see if it is already answered, **before** e-mailing your Online Instructor/TA:

Course Syllabus

E-Learning announcements (this is the primary means that your Online Instructor/TA has to communicate with you in a timely manner)

E-Learning Discussion FAQ

E-Learning Discussion General Posts

If you still cannot find the answer to your questions:

- If it is a question that others might find useful to know the answer to as well, post it in the E-Learning Discussion section.
- If it is a question specific to you (e.g. account or grade specific), e-mail Min Zhao. Barring unusual circumstances, expect a reply with 24 hours during the work week (Monday – Friday at 5 pm). E-mails and E-Learning Discussion posts are checked at least once per day, but sometimes not more than that.

B. University Support Services

College can be a very stressful time in a person's life. Resources are available on campus to help students meet academic goals and solve personal problems, which may interfere with their academic performance. If you find that you are having difficulty emotionally or academically, there is substantial support available. See "A Self Help Guide for Students" (<http://www.counseling.ufl.edu/cwc/Maintaining-the-Balance-A-Self-Help-Guide-for-Students.aspx>) or contact on of the following services:

1. UF Counseling and Wellness Center, <http://www.counseling.ufl.edu/cwc/>, Radio Rd Facility, 392-1575
2. Dean of Students Office, <https://www.dso.ufl.edu>, 202 Peabody Hall, 392-1261
3. Career Resource Center, <http://www.crc.ufl.edu/>, Reitz Union, 392-1601
4. CLAS Academic Advising Center, <http://www.advising.ufl.edu/>, Farrison Hall, 100 Fletcher Drive, 392-1521

Also available is the The U Matter, We Care initiative, which is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Assessments and Grading

Exams

There will be three "midterm" exams, but no cumulative "final" exam. The midterm exams will be administered during the normal semester and during the normal class meeting times. Each exam will cover material from lecture, the online assignments, and the assigned reading in the textbook. The exams will **not** be cumulative however concepts taught in this course build on each other and concepts covered in BSC2010. In order to do well on the exams you need to remember and apply concepts covered in BSC2010 and in earlier units of this course. Each exam will be worth approximately 27.4% of the course grade.

All exams will be multiple-choice and machine graded. Answer sheets will be provided and must be filled in using a #2 or softer pencil. **Each student must take the exam during her/his registered section time. Each student must bring her/his Gator ID to class on exam days. No student will be allowed to start an exam after the first student to complete an exam**

leaves the classroom. All exams and answer sheets will be collected at the end of the exam period. No additional time will be given to complete an exam if you arrive late. No extra time will be given for filling out the scantron sheets.

1. **Exam Curves**

If necessary, exams MAY be curved using the following approach: The top 3% of the scores will be averaged, and the difference from 100 points will be added to each exam score.

2. **Exam Review**

Exams will be available for review by appointment for one week following the posting of exam scores on E-learning; specific times for exam review will be announced following each exam. Exams will not be available for review after the semester has ended.

3. **Make-up Exams**

No make-up exams will be given without prior permission or documentation of illness. Students that will be missing an exam due to a pre-arranged university-approved excused absence (sports, etc.) should let the instructor know **a minimum of two weeks in advance**. In case of illness or personal emergency on exam day, students must submit documentation to the Dean of Students office (P202 Peabody Hall, dsocares@dso.ufl.edu) and request an instructor notification to be sent. These notes must be received within five business days after the exam.

A. **Online Assignments (LaunchPad)**

As part of BSC 2011, you are required to complete online assignments administered through the *LaunchPad* site that will account for 11.11% of your overall grade. The schedule with assignment due dates is at the end of this document. You are expected to work by yourself on the assignments and cheating will not be tolerated.

The *Launchpad* website is: <http://www.macmillanhighered.com/launchpad/hillis2e/5924844>.

1. **Setting Up Your Account**

You must set up your *Launchpad* account through Canvas. Please see the Canvas page in order to do this correctly. You must use your Gatorlink (@ufl.edu) e-mail address, which will be your username. Using an e-mail address other than your UFL e-mail address will result in NO CREDIT received for assignments administered through *Launchpad*. This cannot be changed after registration; be sure to register correctly.

NOTE: if you already purchased *Launchpad* access in a different semester, you can log in using your existing username, which should be your Gatorlink email address. You will then be asked to provide your UFID number. If you have any questions or problems setting up your account, please contact Technical Support (#5, below). Technical support will need a technical support incident ID if you continue to have trouble, so be sure to save that ID when you report your issue.

2. **Grading of Online Exercises**

There are several different types of assignments that students will have to complete:

Quizzes: students will be graded based on the number of questions answered correctly out of total number of questions on the FIRST quiz submission.

All other assignment types (activities, tutorials, etc.): students will receive full credit upon completion.

Your grades on assignments and their status (e.g., complete, or due in x days) can be viewed in Canvas. The *Launchpad* home page is NOT a reliable way to determine which assignments remain to be completed. There are many other resources available on *LaunchPad* to help you study material from your textbook, such as Diagnostic quizzes, Flashcards, Interactive chapter summaries, etc. Items that are NOT listed in the Gradebook will not be graded, but we still strongly encourage you to use them to help you study.

3. **Important information about pace**

Some assignments may have a set time limit, so make sure you have time to devote to that assignment before you begin. Once assigned, assignments are available online at all times, from the start of the given unit up until the deadline. It is especially important not to wait until just before the deadlines to complete *LaunchPad* assignments; problems usually happen at the last minute.

The assignments have been listed in an order that complements the lecture, and we recommend either going over the material for a given chapter:

- before the lecture, which may help you understand the lecture in greater detail, or
- after each lecture to help reinforce the material and prepare for the exam.

You can always go back and re-do the assignments after you have submitted them for a grade, as a study aid.

6. Due Dates

Note that all due dates for assignments are clearly posted in the LaunchPad Gradebook and Calendar and reflect the most up-to-date information. The deadline for assignments is 11:55 p.m. on Thursdays. **All assignments must be completed by the stated due date and time for credit. There are NO make-ups available for LaunchPad assignments.**

Extensions for LaunchPad assignment sets will only occur in extreme circumstances. A Dean of Students note verifying documentation of illness or a personal matter must be provided for at least five of the seven days of the week of the assignment's deadline for accommodations to be considered.

Extensions will NOT be given because of technical or personal issues that occur within 24 hours of the assignment deadline.

7. Technical Issues

For help with LaunchPad technical issues, contact LaunchPad Technical Support:

Phone: 1 (877) 587-6534 (phone)

Online support form: <http://support.bfwpub.com/supportform/form.php?View=contact>

Tech Support Hours (all times EST)

Monday – Thursday, 9:00 AM – 3:00 AM

Friday, 9:00 AM – 11:00 PM

Saturday, 11:30 AM – 8:00 PM

Sunday, 11:30 AM – 11:30 PM

If there is a technical problem with accessing *LaunchPad* or a particular assignment within *LaunchPad*, you must contact *LaunchPad* technical support **FIRST, at least 2 days before the deadline. LaunchPad tech support is the only one who can fix technical issues with the site.** Then, contact the Online Instructor/TA at least 2 days prior to the deadline, so appropriate steps can be taken to fix the issue.

C. In-Class Quiz “Clicker” Questions

Students will receive up to 4.76% of the total course points for participation in the in-class quizzes that are to be answered using the classroom response system (*Learning Catalytics [LC]*). Students may not make up LC questions, regardless of the reason (e.g., absence, malfunctioning cell phone, forgot to register, etc.). It is the student's responsibility to regularly check (i.e., daily or weekly) their sessions in *LC* to ensure that their submissions were correctly received, and to contact *LC* support to resolve any issues with submissions not being properly recorded in the *LC* gradebook.

To log in, go to https://learningcatalytics.com/sign_in?login=true.

1. Grading

18 course points total will be awarded for *LC* quizzes; 6 course points from each lecture unit of the course. The points earned will reflect the proportion of *LC* questions answered correctly in class. Each question posted will be scored as 0.25 *LC* points for participation with an additional 0.75 *LC* points for a correct answer. For each course lecture unit, full in-class quiz credit (6 course points) will be awarded to all students achieving 75% or more of the total possible *LC* points from that unit; those achieving less than 75% will receive course points in proportion to their achieved *LC* points (e.g. 50% of *LC* points earned = 3 course points).

2. Setting up Your Account

Please follow the instructions outline here: <https://goo.gl/e6EG71>

Information about computer system requirements can be found here: <https://goo.gl/6EHBSC>

IMPORTANT: when creating your account, you must use your Gatorlink (@ufl.edu) e-mail address. Failing to do so will result in receiving NO CREDIT for LC units.

You must use your Gatorlink ID for your “Student ID.” Example: If your e-mail address is albert@ufl.edu, use *albert* NOT your 8-digit numerical UF ID (e.g., 1234-5678). Your Student ID should be all lowercase, and be careful not to enter a space afterwards!

If the “Username” is already taken, you may add a few numbers to the end (e.g., *albert123*). Your “Student ID” must be your Gatorlink ID however.

3. Technical Issues

For problems with Learning Catalytics, contact Pearson 24/7 Technical Support:

- <https://support.pearson.com/getsupport/s/contactsupport>
- https://help.pearsoncmg.com/learning_catalytics/student/en/Topics/lc_looking_for_help.htm
- 800-677-6337

D. Extra Credit

Each instructor will offer 2 points of extra credit per unit, to be applied toward the unit exam. The same content and amount will be offered to all students. There will be no extra credit tailored to individual students.

E. Online post-activity assessments

Students will receive approximately 4.76% of the total course points for completion of online post-activity assessments administered through Canvas. These sections of BSC2011 feature interactive learning on Fridays, which is led by your Learning Assistants (LAs). Prior to each Friday's activity, you'll complete one of the LaunchPad assignments (see section B) and after each Friday's activity, you'll complete a post-activity assessment on Canvas. This assessment will test your achievement of the key learning outcomes from the activity, and will also ask you to comment on your learning and the functioning of your group.

F. Grading Summary

Assessment	Points per Unit	Total Point	% of Total Points
Exams	100	300	79.37
<i>LaunchPad</i>	14	42	11.11
Learning Catalytics	6	18	4.76
Post-activity assessments	6	18	4.76
TOTAL	126	378	100.0

All grades will be posted on E-Learning (in terms of course points, i.e., the point scheme above), and it is the responsibility of the student to check their grades on E-Learning and make sure they match their grades on *LaunchPad* and *LC*. **If there is a discrepancy you must let us know within ONE week of the grade being posted on E-Learning.**

Minimum grade cutoffs are listed below. Because each exam may be curved individually (see section XI-A, above), **the scores for the course as a whole will not be curved** (i.e. these grade cutoffs will not be lowered) except under extremely rare circumstances (i.e., unless we tell you otherwise these cutoffs will not be lowered, so do not ask). However, these cutoffs will not be raised; in other words, if you receive 90% of the possible points, you are guaranteed to earn an A grade. **Final scores will NOT be rounded** (i.e., 89.99% is not 90%).

Point Range (%)	Letter Grade
≥ 90.00	A
≥ 86.66	A–
≥ 83.33	B+
≥ 80.00	B
≥ 76.66	B–
≥ 73.33	C+
≥ 70	C
≥ 66.66	C–
≥ 63.33	D+
≥ 60	D

≥ 56.66	D–
< 56.66	E

Note that the current UF policy for assigning grade points is available at the following undergraduate catalog web page: <https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>.

G. Special Treatment

Please do not request individual special treatment regarding grading at the end of the semester; **we do not adjust grades for individuals for any reason nor are grades “rounded up”**. Plan to do well on all exams and other assessments from the beginning of the semester; if you are having difficulty in the class, please let your instructors know *before* the exams rather than after.

Academic Honesty

All students registered at the University of Florida have agreed to comply with the following statement:

“I understand that the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University.”

In addition, on all work submitted for credit the following pledge is either required or implied:

“On my honor I have neither given nor received unauthorized aid in doing this assignment.”

Any acts of cheating, plagiarism, or other forms of academic dishonesty will result in, at minimum, a 0 grade for the assignment, test, or quiz. Sharing information about tests and quizzes with students in other sections who have not yet taken the exam or quiz, or posting on social media information about tests and quizzes that other sections have not yet taken, is a serious act of academic dishonesty. If you witness any instances of academic dishonesty in this class, please notify the instructor or contact the Student Honor Court (392-1631) or Cheating Hotline (392-6999). For additional information on Academic Honesty, please refer to the University of Florida Academic Honesty Guidelines at: <https://catalog.ufl.edu/ugrad/current/advising/info/student-honor-code.aspx#honesty>.

Attendance

Students are expected to attend all classes and are responsible for all material covered during the lecture, including announcements. **In addition, your attendance is necessary to earn points for “clicker” (Learning Catalytics) quiz questions; such points cannot be made up and answers may not be submitted from outside the classroom.** Students are strongly encouraged to read the assigned chapters before coming to class as this will make it easier to comprehend the lecture material. If you miss class, visit the E-Learning site for any lecture slides/notes and course announcements. There are no points awarded for attendance directly. No credit will be retroactively awarded for unanswered Learning Catalytics questions if there is no evidence you were actually in lecture.

Conduct in Class

Please be courteous and do not talk during lecture. This can be distracting to other students and the instructor. Students that are being disruptive may be asked to leave the lecture, resulting in the loss of participation points for the day. Use of electronic devices in class to take notes or otherwise participate in classroom activities is approved. Approved electronic devices are laptop computers, cell phones, smart phones, tablets, iPod touch, and voice recording devices. Other uses of these devices or the use of unapproved devices will be considered disruptive. Unapproved electronic devices include video recorders, digital cameras and MP3 players. Students who use unapproved devices in class will be considered disruptive. Multiple disruptions will be considered grounds for the assignment of a failing grade.

Time Commitment

The UF College of Liberal Arts and Sciences assumes that each student will devote 3-4 hours per week per credit-hour to each course, including time in lectures and labs. Because BSC 2011 is 3 credits, each student should therefore expect to devote 9-12 hours per week to this course during a regular semester, or 11-15 hours per week during the summer. A recommended time allocation is below.

Activity	Hours per Week
Lectures	3
Online Exercises	1-2

Textbook Readings	2-3
Review and Study	2-4

If you find yourself spending more than the recommended number of hours per week on average on these activities, discuss this with your course instructor to see if you can refine your study habits. If you find yourself spending less than the recommended number of hours per week on average, you should recognize that you may have difficulty learning and comprehending the material in this time, and this will probably be reflected in poor performance on the various assessments, causing you to receive a lower overall course grade.

Accommodations for Students with Disabilities

Students who will require a classroom accommodation for a disability must contact the Dean of Students Office of Disability Resources, in Peabody 202 (phone: 352-392-1261). Please see the University of Florida Disability Resources website for more information at: <http://www.dso.ufl.edu/drc/>. Note that the student should provide documentation of a requirement for accommodation **by the second week of classes**. No accommodations are available to students who lack this documentation. It is the policy of the University of Florida that the student, not the instructor, is responsible for arranging accommodations when needed. Once notification is complete, the Dean of Students Office of Disability Resources will work with the instructor to accommodate the student.

Course Evaluation

To improve the teaching and learning of this important course, **students are required to submit a teaching evaluation for each instructor electronically via this website:** <https://evaluations.ufl.edu/evals/>
Evaluations are stored and reported in a completely anonymous manner. Authentication for evaluation submission is only to ensure that only one evaluation is submitted per student per instructor.

Lecture Schedule

This is a tentative schedule; the dates and coverage of specific topics are subject to change.

Day	Date	Topic	Chapter	Deadlines
<input type="checkbox"/> Dr. Burleigh's Plant Section				
Wednesday	Aug 22	Course introduction		
Friday	Aug 24	Phylogenetics; Endosymbiosis; Diversity of photosynthetic organisms	16.1, 19.1, 20.1, 21.1	
Monday	Aug 27	Invasion of the land	21.2	
Wednesday	Aug 29	Bryophytes: liverworts and mosses	21.2	
Thursday	Aug 30	NO CLASS		Animated tutorial and quiz 21.1 (moss life cycle) due by 11:55 pm
Friday	Aug 31	Alternation of generations activity	21.2,21.3	Post activity assessment 1 due by 11:55 pm

Monday	Sep 3	NO CLASS - Labor Day		
Wednesday	Sep 5	Lycophytes & Monilophytes	21.3	
Thursday	Sep 6	NO CLASS	21.4	Animated tutorial and quiz 25.3 (xylem transport) due by 11:55 pm
Friday	Sep 7	Transpiration Activity	25.3	Post activity assessment 2 due by 11:55 pm
Monday	Sep 10	Gymnosperms	21.4	
Wednesday	Sep 12	Angiosperm Diversity	21.5	
Thursday	Sep 13	NO CLASS		Animated tutorial and quiz 21.2 (conifer life cycle) due by 11:55 pm
Friday	Sep 14	Seed activity	27.1	Post activity assessment 3 due by 11:55 pm
Monday	Sep 17	Plants & Their Environment	28	
Wednesday	Sep 19	Plant Body & Plant Development and Its Hormonal Control	24,26	
Thursday	Sep 20	NO CLASS		Animated tutorial and quiz 26.2 (auxin affects cell walls) due by 11:55 pm
Friday	Sep 21	Phototropism activity	26.2	Post activity assessment 4 due by 11:55 pm
Dr. Rich's animal section				
Monday	Sep 24	Fundamentals of animal function	29	
Wednesday	Sep 26	Plant Unit Exam	Exam I	
Thursday	Sep 27	NO CLASS		Chapter 29 Launchpads due by 11:55 pm
Friday	Sep 28	Fundamentals of animal function	29	Post activity assessment 5 due by 11:55 pm
Monday	Oct 1	Breathing	34	
Wednesday	Oct 3	Breathing	34	
Thursday	Oct 4	NO CLASS		Chapter 34 & 31 Launchpads due by 11:55 pm
Friday	Oct 5	Neurons	31	Post activity assessment 6

				due by 11:55 pm
Monday	Oct 8	Neurons	31	
Wednesday	Oct 10	Circulation	32	
Thursday	Oct 11	NO CLASS		Chapter 32 Launchpads due by 11:55 pm
Friday	Oct 12	Circulation	32	Post activity assessment 7 due by 11:55 pm
Monday	Oct 15	Muscles	33	
Wednesday	Oct 17	Muscles	33	
Thursday	Oct 18	NO CLASS		Chapter 33 & 36 Launchpads due by 11:55 pm
Friday	Oct 19	Waste excretion and salt and water homeostasis	36	Post activity assessment 8 due by 11:55 pm
Monday	Oct 22	Waste excretion and salt and water homeostasis	36	
Wednesday	Oct 24	Overview and wrap up		
Friday	Oct 26	Animal Unit Exam	Exam 2	
<input type="checkbox"/> Dr. Palmer's ecology section				
Monday	Oct 29	Animal behavior	40	
Wednesday	Oct 31	Climate and ecosystems	41	
Thursday	Nov 1	NO CLASS		Animated tutorial and quiz 41.1 (Rain shadow), 41.2 (Terrestrial Biomes), and 41.3 (Aquatic biomes) by 11:55 pm
Monday	Nov 5	Populations I	42	Post activity assessment 9 due by 11:55 pm
Wednesday	Nov 7	Populations II	42	
Thursday	Nov 8	NO CLASS		
Friday	Nov 9	Biomes	41	Animated tutorial and quiz 42.1 (Multiplicative Population Growth Simulation), 42.2 (Density Dependent Population Growth), and 43.1 (Ecological Interactions) by 11:55 pm

Wednesday	Nov 14	Community ecology I	43 & 44	Post activity assessment 10 due by 11:55 pm
Friday	Nov 16	Community ecology II: species interactions	43 & 44	
Monday	Nov 19	Community ecology III	44	
Monday	Nov 26	Conservation biology I	Monday	Animated tutorial and quiz 44.1 (Succession after glacial retreat), 44.1 (Energy Flow Through an Ecological Community), and 44.2 (Island Biogeography Simulation) by 11:55 pm
Wednesday	Nov 28	Ecosystem ecology I		Post activity assessment 11 due by 11:55 pm
Thursday	Nov 29	NO CLASS		
Friday	Nov 30	Ecosystem ecology II: the carbon cycle	45	
Monday	Dec 3	Final lecture, overview and wrap-up	45	Animated tutorial and quiz 45.2 (The Global N cycle) , 45.3 (The Global Carbon Cycle), and 45.4 (Earth's radiation budget due) by 11:55 pm
Wednesday	Dec 5	Ecology Unit Exam		Post activity assessment 12 due by 11:55 pm
