Assignments

Your final grade will be based on two course components, each worth 100 points.

- (1) Presentation/reflection: Registered students are expected to sign up for a seminar slot, but this is not required. You should feel free to present a seminar on your research even if it is still at a preliminary stage. Or you could host a discussion of an article, grant idea, etc. The format is quite informal, and we do not expect something polished. A Google sheet link is available on Canvas to sign up.
- (2) Attendance: You should regularly attend and participate in the seminar. You are encouraged to ask questions and participate in discussion. More than two unexcused absences will affect your grade.

Grading Scale

A \geq 93%; A- \geq 90%; B+ \geq 87%; B \geq 83%; B- \geq 80%; C+ \geq 77%; C \geq 73%; C- \geq 70%;
